## Puppy Love RILEY

When the breeder was told by the vet that Riley was blind and deaf and suggested the best thing to do would be to euthanize her, he called the Boo Boo Zoo for advise from Sylvan. Sylvan quickly advised "bring me the puppy!" Now, while in the house everywhere Sylvan is, there is Riley. A match that truly was meant to be! And... it happily turns out that the puppy is not blind after all!

Growing larger every day, Riley still enjoys sleeping on her friend Lefty!

The current economy has had a severe impact on our financial status and we desperately need your support 90% of our income is from individual donations.

### Shiro #3 Joins Family

Found abandoned at the HC&S Sugar Mill, this Siamese kitty was sent to Dr. Moyer to test for FIV/FEL and to determine if he was old enough to be immunized (8 weeks). To our surprise it was determined that Shiro #3 was 4 months old. He was so infested with parasites that his growth was severely stunted.

### Baby gets her first bottle

"Baby" was born blind due to her mother having a virus during pregnancy. Inheriting the virus as well, she developed a bacterial infection in her joints and was unable to stand. Antibiotics and Lysine enhanced nutrition knocked out the infection and helped her fight off the virus. After weeks of intensive care, Baby became strong and responsive.

### SANDY FINDS A FRIEND

Sandy, a terrier mix, was brought to The Boo Boo Zoo by his owner of 14 years. She was in her 90s and her husband, who was Sandy's best friend, had just passed away. Sandy had gone blind, deaf and could barely stand. After Dr. Moyer took an electro-cardiogram, it was determined that Sandy had been in heart failure for quite awhile. This had caused all of Sandy's problems. While in treatment, Sandy made friends with Mana, who had been blind her whole life. They became very close and slept and ate together.
